Issue: Facilities face challenges on patient room **ISOLATION** advisories, precautions and other areas of communications compliance regulations. Our Design Team and Specialist, will assist you in designing an **ISOLATION DOOR CLING** program or **PATIENT ADVISORY CLINGS** to meet your patient room needs. It is our goal, to keep your staff safe and in compliance with industry regulations. Strategic Solutions provides innovative design, with high quality products and unmatched industry warranties.

WE DESIGN COMMUNICATIONS PRODUCTS TO FIT YOUR FACILITIES NEEDS

Recommendation: *Strategic Solutions, Inc.* can provide your facility with a unified, easy to use, affordable temporary **ISOLATION DOOR CLING OR PATIENT ADVISORY COMMUNICATIONS** solution. The use of **ISOLATION** information posting has been a standard recommendation by the CDC as a tool for communicating the procedures that Healthcare Workers (HCW) and family or visitors should follow to prevent cross-transmission. Communications represents an important investment for your facility and proper planning and careful selection of temporary signage communication products, is money well spent.
